

Have you seen the new Michigan Podiatric Medical Association lately? Now is the time for not only you to become more involved, but your medical assistants as well. MPMA is pleased to announce

Complimentary Assistant Membership in MPMA for all MPMA Member's Medical Assistants

In an effort to recognize podiatric medical assistants as an important function in the podiatric profession, MPMA would like to offer your medical assistants special membership to MPMA. Under this new program, your medical assistants will receive all publications and mailings that MPMA members receive that include coding information, professional management articles, and Medicaid/Medicare updates.

As part of this membership, your medical assistant will receive their own copy of the *Podiatric Profiles*, MPMA's quarterly publication, be added to the *Mi- Footnotes* email list, MPMA's digital newsletter, as well as the opportunity to attend MPMA Assistants Programs at the MPMA Medical Assistant rate.

Enclosed is a MPMA Medical Assistant membership application. If you would like your medical assistant to be involved, please complete the enclosed form and fax or mail to the MPMA office. If you have any questions, please contact the MPMA office at 800-968-6762.

Thank you for you continued support of the podiatric profession.

MPMA Podiatric Medical Assistant Membership

Please note that your DPM must be a member in good standing with APMA and MPMA to join.
