Lectures

The topics and speakers may have changed since this brochure was produced. Please visit www.mpma.org for the most up-to-date schedule.

Continuing Education Credit

This activity has been planned and implemented in accordance with the standards and requirements for approval of providers of continuing education in podiatric medicine through a joint provider agreement between the American Academy of Podiatric Practice Management is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. A maximum of 40 continuing education contact hours will be provided.

Continuing Education Change

For several years, MPMA has used a sign-in booklet, which has been well-received by Great Lakes Conference attendees. Last year, the process changed slightly, as the Council on Podiatric Medical Education (CPME) requires a daily process. Therefore, physicians will continue to use the CME booklets, but they will be required to obtain a new CME booklet each day prior to attending lectures. CME booklets must be returned prior to leaving each day to receive credit.

About MPMA

The objective of the Michigan Podiatric Medical Association shall be to promote the art and science of podiatric medicine and surgery within the state of Michigan, promote the improvement of the practice of podiatric medicine and surgery, and promote the betterment and protection of the

public's podiatric health. This will be accomplished through affiliation with the American Podiatric Medical Association, to cooperate in carrying out the purposes of the Association.

Conference Purpose and Objectives

This conference will provide information on the most up-to-date diagnostic and treatment methods for lower extremity disorders.

Conference Objectives:

1. To provide the podiatric physician with a broad range of programs offered in an intensive five-day conference.
2. To establish an understanding of developing concepts in the diagnosis, evaluation and treatment of lower extremity disorders and foot conditions.

Intended Audience

This conference will be of interest to podiatric physicians and surgeons. Other health care professionals with special interest in the diagnosis and treatment of lower extremity disorders will also benefit from this conference.
