Conference Information

Intended Audience

The convention will be of interest to podiatric physicians and surgeons. Other healthcare professionals with special interest in the diagnosis and treatment of lower extremity disorders will also benefit from this conference.

Lectures

The topics and speakers may have changed since this brochure was published. Visit mpma.org for the most up-to-date schedule and for lecture descriptions and learning objectives.

Continuing Education Credit

This activity has been planned and implemented in accordance with the standards and requirements for approval of providers of continuing education in podiatric medicine through a joint provider agreement between the American Academy of Podiatric Practice Management and the Michigan Podiatric Medical Association. The American Academy of Podiatric Practice Management has approved this activity for a maximum of 40 continuing education contact hours.

The Medical Assistant/Office Staff program will offer 9 continuing medical education credits from the Commission on Accreditation of Podiatric Medical Assisting Certification.

Continuing education certificates will be available beginning March 11. If your license renews before this date, please contact the MPMA office.

Conference Purpose and Objectives

This conference will provide information on the most up-to-date diagnostic and treatment methods for lower extremity disorders. Conference objectives include:

- To provide the podiatric physician with a broad range of programs offered in an intensive five-day conference.
- To establish an understanding of developing concepts in the diagnosis, evaluation and treatment of lower extremity disorders and foot conditions.

About MPMA

The objective of the Michigan Podiatric Medical Association shall be to promote the art and science of podiatric medicine and surgery within the state of Michigan, promote the improvement of the practice of podiatric medicine and surgery, and promote the betterment and protection of the public's podiatric health. This will be accomplished through affiliation with the American Podiatric Medical Association, to cooperate in carrying out the purposes of the Association.

Privacy and Confidentiality Policy

Michigan Podiatric Medical Association's (MPMA) Policy on Privacy and Confidentiality dictates the Association's handling of a learner's personal information. This policy is enforced in all areas of the Association's business, including online communications, offline communications, direct marketing, and event registration.

MPMA maintains a comprehensive database of information on its learners in accordance with the general needs and expectations of the organization and its learners. This information is intended exclusively for purposes related to official Association business and to facilitate interaction between the Association and its learners. Directory information in the database may include home or work addresses, telephone numbers, fax numbers, e-mail addresses, and activity registrations/online purchases.

MPMA will use personal information to fulfill registrations for events, orders for materials and services made online, and other requested services. For educational meetings (CME activities), MPMA may share a list of registered attendees with the registered sponsors for that event.
